

PROJECTSChatBot from Scratch *Jan-Feb 2019*

(TensorFlow+numpy)

Implement Tensorflow Sequence to Sequence model to train a chatbot on the Cornell Movie Dialogue dataset. The bot is able to hold fun conversations.

Real-time Multiplayer Game *Aug-Dec 2018*

(PyGame+Socket+Pickle)

Created a Client Using Sockets, Sending and Receiving Information From Server, Connecting Multiple Clients, Sending Objects With Pickle.

WhatsApp Automation *2017*

(Selenium+Java+Chrome)

Curd script Automatically detects the messages and sends a respective message with WhatsApp web.

Web Design from Scratch *2019*

(HTML+CSS+JavaScript+Illustrator)

I recently redesigned my own portfolio website. It was a challenging but enjoyable experience that I really learned a lot from.
